To Whom It May Concern:

Geographically with the east side of our town bordering Connecticut, the Dover Union Free School District is located on the corner of both Section I and Section IX.

In recent years, we have regretted the choice to stay in Section I for several reasons - our travel times are longer and games are further away, our opponents and leagues change almost every year and, we are attempting to compete with districts who have superior resources including travel sports, training facilities, and developmental programs that make it very difficult to consistently compete.

Our rationale for joining would address all of the above concerns. The number of schools similar in size is clearly closer in Section IX, and the ability to compete with schools of similar socio-economic makeup will place us in leagues with similar resources. We are excited to relight former rivals with our neighbors to the north and west like Millbrook, Pine Plains, Spackenkill, Webutuck, and Rhinebeck.

Please consider us for admission to Section IX for the 2012-2013 school year. I think it will be mutually beneficial for all involved.

Respectfully,

Michael Tierney
Superintendent of Schools
